DETAILED ACTION

1. This office action is in response to the amendment filed on June 9, 2008, in which claims 1-3 and 6-12 are presented for further examination.

Response to Arguments

2. Applicant's arguments filed on June 9, 2008 have been fully considered but they are not persuasive. (See examiner remark).

Specification

3. The specification is objected to as failing to provide proper antecedent basis for the claimed subject matter. See 37 CFR 1.75(d)(1) and MPEP § 608.01(o). Correction of the following is required: Applicant fails to provide antecedent basis for the claim terminology "computer readable media".

Claim Rejections - 35 USC § 101

4. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

5. Claims 10-12 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter. Claim 10 recites "computer readable storage medium". Claim 10 is directed to an appropriate manufacture within the meaning of 101. It would appear that the context the "medium" was used in the claim would fairly suggest to one of ordinary skill signals or other forms of propagation and transmission media, typewritten or handwriting text on paper,

or other items failing to be an appropriate manufacture under 35 USC 101 in the context of computer related inventions. Claim 23 fails to fall within a statutory category of invention.

Remark

6. The 112 rejection set forth in the office action mailed on March 28, 2005 sustains because the drawings filed on July 28, 2005 are not supported by the original specification.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
